Together, we can help those who need it

We want to assure you that your energy supply will continue. We're working hard to look after all our customers, with our vulnerable customers being a priority. To help us do this, please use our website where possible at sse.co.uk.

What you can do to help

Please only call us if it's an emergency, if you can't pay or you're without supply.

Use your online account to review bills and get answers to FAQs.

Submit your meter readings online at sse.co.uk/my-account or via our app. If you have a smart meter, you don't need to do this.

Set up a Direct Debit online – it's the easiest way to spread the cost.

It will take us longer than usual to answer your call, many thanks for your understanding.

Ways to pay

Why not spread the cost of your bills by Direct Debit, or pay your bills quickly and securely online by visiting sse.co.uk/login.

For details of these and other ways to pay, visit sse.co.uk/ways-to-pay or see the back page.

Could you pay less?

Your Personal Projection

We estimate your Personal Projection of costs for the next 12 months will be **£588.60**, including VAT and any discounts. For more information see overleaf.

Our cheapest similar tariff

Good news – you're already on our cheapest Evergreen tariff. We'll let you know at least once a year if this changes. However, paying by Direct Debit, you could save **£40.95** a year.*

Our cheapest overall tariff

By switching to **OVO Better Energy** and paying by Direct Debit, you could save **£105.67** a year. T&Cs and eligibility criteria apply, find out more at ovoenergy.com or call 0330 102 7420.

As we're now part of the OVO family, we're able to offer you a wider choice of tariff options.

*You could also get this saving without having to pay by Direct Debit with OVO's Simpler Energy tariff. You would need to switch supplier to OVO Energy (conditions apply). Find out more at ovoenergy.com or call 0330 102 7420.

Remember, it might be worth thinking about switching your tariff or supplier. Please note that switching tariffs may involve changing to different terms and conditions, so always check first. Prices may increase in future.

Turn over for more information about your tariff and the next page for more information about how much energy you're using.
